William Casey, Director  
CIA  
1600 Pennsylvania Avenue  
Washington, DC

Dear Mr. Casey:

I would like to take this time to thank you, once again, for having supported research through The William and Sophia Casey Summer Grant Program. I received a grant from you for work while I was a high school student at Baldwin Sr. High, during the summer of 1970. When I graduated high school, I then went on to MIT. In 4 years there, I received a B.Sc. and a Masters in City Planning in Health Planning. I then received an M.D. degree. Currently, I am an Assistant Professor of Ophthalmology specializing in retinal diseases and surgery, as well as an Assistant Professor of Community Medicine. Enclosed is a copy of my CV. As you can see, I have used my background in both science and health planning. It is a pleasure to let you know that you helped me in my career. My main interest is in retinal diseases and surgery and health policy and economics.

If I can be of any assistance to you or the government in any way, please let me know.

Very truly,

Matthew E. Farber, M.D.  
Assistant Professor of Ophthalmology  
and Community Medicine

George W. Weinstein, M.D.  
Professor and Chairman

Oculoplastic Surgery  
John V. Linberg, M.D.

Corneal and Inflammatory Diseases,  
Glaucoma  
Ivan R. Schwab, M.D.
